Officers of Expeditionary Force Arrive on West Front Eager to Cross Swords With Germans

WELCOMING THE "BOYS."

The atmosphere
Breathes rest and comfort, and many
chambers
Seem full of welcome.

The spirit of the above was in the
air in Richmond when at an early
hour yesterday morning bells of the
city rang out and the joyous tidings
were spread that the First Virginia
Regiment would reach the depot of
the capital city three hours later.
It had been resolved to give the
"boys" a triumph with an enthusi-
asm rivaling that of ancient Rome.
The entire city sent up a shout
when the first train of the section
rolled into Byrd street station.
Thousands were unable to get near
the depot, and the streets were
densely packed with humanity. The
Virginians received the royal wel-
come due them, and that they ap-
preciated it goes without saying.
Their march down Broad street was
a scene long to be remembered. Both
sides of the thoroughfare were
packed with people, and enthusiasm
was at the highest pitch. Our Alex-
andria boys formed part of the grand
procession, ancestors of whom in
1846 responded to the call to arms
for war with Mexico as had the
Alexandrians of today when a year
ago it seemed probable the Mexi-
can situation could only be settled by
recourse to arms. Those old enough
to remember recalled the days of
Santa Anna, who defied the United
States.

It is thought that within a week
the Alexandrians who so nobly re-
sponded to the call of their country
will be receiving another reception
in their old home, preparations for
which are now being perfected.

We can say but little more than
we did early last summer, when
young men of this city donned their
uniforms and announced themselves
as ready to fight for their country.
Members of the Alexandria Light
Infantry were ready also in 1898
when the nation was exasperated
with Spain by the destruction of
the battleship Maine in the harbor
of Havana. They marched from
their home on that occasion, but
did not leave Virginia as the war
with Spain proved short-lived. They
were, however, in camp and ready to
receive their marching orders.

Samuel Smiles, a noted English
scholar, has left us a book—a large
volume—the title of which consists
of four letters—"Duty." It
abounds in instructive anecdotes of
the performance of duty by ancients
and moderns. There is probably no
greater spiritual gift than that of a
sincere desire to perform one's
duty. This carries with it another
jewel—obedience.

The venerable editor of the Ga-
zette in 1855 was called upon to
deliver an oration at the funeral
obsequies of seven Alexandrians who
had lost their lives at a fire in this
city. His words were few but to
the point. Among other things he
said: "These noble men lost their
lives in the performance of their
duty to their fellow-creatures." Epigrammatic, but they expressed
all.

The Alexandrians of this genera-
tion have performed their duty, and
the cordial reception given them
yesterday in the capital city was
proper. They will be equally as
heartily welcomed in their own
home, where they followed the
example of all noble ancestors who
left their all to respond to calls
they regarded as sacred.

GLOOMY FORECAST.

"The year 1917 will be the most
calamitous in the history of man-
kind. Disasters on land and sea,
great fires, strange diseases, strikes
larger than ever before, tidal waves
and repetitions of the Lusitania dis-
aster will occur." Thus prophesied
Mrs. Zaida Brown Kates, spiritual
list, at Washington last night.
Among other things she said:
"There will be no peace this

year. I see only a picture of de-
spair; nations facing starvation;
revolts; heresy; crime; disease run-
ning rampant; and kings will fall
never to rise again. "During the
warm months of 1917 strange dis-
eases of the liver, spleen and
heart and acute indigestion will kill
more people than the present war.
The Jews will suffer great persecu-
tions."

Mrs. Kates, it is claimed, foretold
the present European war in Janu-
ary, 1914.

The frightful war in Europe has
been predicted from time to time
during the past half a century by
those who watch the signs of the
times. It had long been seen that
a fearful struggle between the
English-speaking and Teutonic races
for supremacy was inevitable.

PEACE PROSPECTS SLIM.

Evidently, aggravated by the tone
of the entente allies' reply to the
central powers' peace proffers,
Kaiser William has thrown down
the gauntlet, saying, "Our enemies
did not want the understanding of-
fered by me. With God's help your
arms will enforce it."

The Kaiser charges that the hun-
ger for power on part of the allies
desires Germany's destruction. The
Richmond Virginian, in reply,
says it might be asked, whose de-
struction did Germany seek when
prepared for war as no other na-
tion ever had been, she precipitated
the present conflict?

The Emperor declares, "Before
God and humanity, I declare that on
the government of our enemies
alone falls the heavy responsibility
for all the further terrible sacrifices
from which I wished to save you."

KAISER WILL ENFORCE PEACE.

Amsterdam, Jan. 8.—A Berlin
telegram says that the following or-
der of the German Emperor to the
army and navy has been officially
published:

"Conjointly with the allied (cen-
tral powers) rulers, I proposed to
our enemies to enter forthwith into
peace negotiations. Our enemies re-
fused my offer. Their hunger for
power desires Germany's destruction.
The war will be continued. Before
God and humanity, I declare that on
the governments of our enemies alone
falls the heavy responsibility for all

NOTICE TO CONSUMERS OF THE ALEXANDRIA WATER COM-
PANY

The Alexandria water company is now having some of its main pipes in its distribution system cleaned of interior incrustations by the National Water Main Cleaning Co., of New York City who have done similar work in many of the large and small cities over the United States.

In connection with this work it is necessary to cut off the water supply along and adjoining the mains while cleaning. Every effort is being made to reduce the length of this cut-off of water supply to minimum and to inconvenience the company's consumers as little as possible. The work when completed will result in a general increase in pressure and flow over the system and to consumers who have ample size and clean service pipes leading from the company's mains.

Consumers are advised to keep their hose connections to the mains closed while the cleaning in their section is in progress and to flush well the same when first opened.

The patience and indulgence of the patrons of the company is requested during this temporary inconvenience.

Respectfully
ALEXANDRIA WATER CO.

NEWS OF THE DAY

Democratization, abolition of caste feeling in army and a better understanding between people and officials will be among the important changes which the great war will bring to Germany, in the opinion of Prof. Otto Frankel, of Harvard University, who spoke last night in New York. Prof. Frankel said he expected a limitation of class privileges, broader suffrage for the legislation of the individual German states, a redistribution of the electoral districts for the reichstag in conformity with the growth of cities, admission of socialists to a seat in the government, a movement for a disestablishment of the church, popularization of the secondary schools, increased activities in social welfare legislation, enlargement of the public responsibilities and public rights of women, and a heightening of the idealistic tendency in literature and art.

According to German newspapers received in Amsterdam, Count Czernin von Chudenitz, the Austro-Hungarian foreign minister, had a prolonged audience of Emperor William at headquarters Friday, at which the German foreign minister, Dr. Alfred Zimmermann, also was present. Peace was one of the matters discussed.

Lawrence Mohler, fireman, of Buffalo, N. Y., and M. J. Durkin, brakeman of Erie, were killed and John B. Weast, engineer, of Lackawanna, N. Y., was badly injured by the explosion of a locomotive attached to a freight train on the New York Central Railroad near North East, Pa.

The State Department late yesterday authorized the statement that President Wilson was not contemplating sending another peace note.

Three alleged automobile thieves when confronted by detective Sergt. John Boschulte in Chicago last night threw kerosene at the detective in an attempt to saturate his clothing and hurled lighted matches at him. Boschulte cornered the men in a flat building, and while he was in no position to overpower them. The men discharged the contents of five bottles of kerosene at him. Then the trio, circling about for an advantage, tossed the lighted matches at him. He warded them off with his hands and when reinforcements arrived the men were arrested.

The mystery of the disappearance of Mrs. Francisco Gonzales de Rodriguez, wife of a Carranza general during Villa's occupation of Chihuahua City, is believed to have been solved in the finding of the charred body of a woman near Santa Eulalia, a suburb of Chihuahua. Mrs. de Rodriguez was last seen with a squad of Villa soldiers, who left with her in an automobile, taking with them a large can of kerosene. She was accused by Villa of intriguing in behalf of the Carranza forces.

A dispatch to the Rheinische Westphalische Zeitung of Essen from Berlin, states that negotiations are proceeding at Lucerne, Switzerland, between representatives of Austria-Hungary and Montenegro, Germany also being represented, with a view to the creation of a new south Slavonic state under Austro-Hungarian protection. Prince Mirko of Montenegro, it is added, will be the ruler of the new state.

On school girl was instantly killed and six of her playmates were seriously hurt yesterday afternoon when ice and snow slid off the roof of the Parker school in West Manchester, N. H.

Frank J. Enger, president of the Enger Motor Car Company, of Cincinnati which was recently reorganized with a capital stock of \$3,900,000 shot and killed himself while in his office at the motor company's factory last night. Mr. Enger is said to have been in ill health for months. He was reputed to be one of the wealthiest men in Cincinnati, and was said to have carried more life insurance than

any other man in Cincinnati. He was 58 years old.

Otto Wintermeyer, a Chicago druggist, was found dead behind the prescription counter of his shop, with the back of his head hacked open and a blood-covered hatchet nearby. The police, on a theory of murder, began rounding up suspects in the neighborhood. It is believed the druggist may have been slain by drug fiends. Wintermeyer lived alone in the rear of his store. A woman, some of whose clothes were found in Wintermeyer's living rooms, admitted to the police she had quarreled with her husband over the druggist.

Smoking ruins of the huge ice house of the Harvey Lawler Ice Company at Twin Lakes, near Kenosha, Wis., yesterday bears witness to the activities of I. W. W. agitators in the ice fields of northern Illinois, and southern Michigan. The loss is \$50,000. The fire followed a strike of ice cutters, supposedly engineered by I. W. W. agents, who for weeks have been creating dissension among them. Kerosene-soaked planks were found around the destroyed buildings and three suspects are under arrest.

Unconfirmed rumors that Austria will shortly sue for a separate peace, caused violent declines of war stock on the New York exchange yesterday afternoon. Before order could be restored prices were down materially from their high of the day. A commission house representative was said to have declared that a member of his firm had received definite information that separate peace overtures would be made shortly by Austria.

Braila, a fortified bridgehead and important Danube port, Rumania's last source of supply from Bessarabia, fell to Field Marshal von Mackensen's Dobruja army of Teutons and Bulgars yesterday. Every yard of Rumanian soil east of the Danube is now in the invader's hands. Far more important than the fall of Braila, long since regarded as inevitable, is the resulting menace to Galatz, the left pivotal point of the fortified Sereth line.

More than 200 persons, most of them young women, ran panic-stricken from their places of employment yesterday afternoon when flames virtually destroyed a three-story brick building at Bay Ridge, Brooklyn. A series of small explosions occurred in the fire, endangering the lives of the firemen, who say the damage will reach at least \$30,000.

Searched with a red-hot iron for telling lies, Alice A. Jones, 8 years old, is under the care of physicians at Johns Hopkins Hospital, Baltimore. For burning the child, Lizzie Watkins, colored, was fined \$21.70 by

Justice Dawkins in Northeastern Police Court yesterday morning. The mother, Mildred Jones, said she left her child at the Watkins home last June, and returning for the first time last Wednesday, discovered that the child walked with a peculiar gait. The child said the Watkins woman scolded her for telling lies, and followed up the scolding by burning her across the legs with the red-hot poker.

Rev. H. C. Williams, pastor of the Union Church at Jackson, N. H., was instantly killed and his son, Harold, 17, was fatally hurt yesterday afternoon at North Conway by being struck by a Boston and Maine train. Both men were thrown fifty feet. The horse was killed and the sleigh demolished.

Approval of President Wilson's request for a statement of peace terms from the European belligerents was voted by the Senate yesterday afternoon at the conclusion of three days of stirring debate. Action came with dramatic suddenness, when Democratic leaders decided to accept a resolution submitted by Senator Jones, of Washington, Republican, that would not commit the Senate to indorsement of the whole of the President's note. Ten Republicans of the progressive group joined the majority in making the vote 48 to 17. Senator Martine, of New Jersey, was the only Democrat to vote in the negative.

Fines of \$10 each were imposed in hustings court in Richmond Thursday by a jury on Henry Rountree and M. V. Gordon, Jr., young men charged with taking liquid refreshment in the dining room of the Richmond Hotel the night of December 14. The chorus girls who were with them were not present in court. They were members of the "Stop, Look and Listen" troupe which appeared at the Academy. Gordon was also absent, being represented by his attorney, Gilbert K. Pollock, who defended Rountree. No defense was offered and the jury gave the minimum penalty. The maximum is \$100. Patrolmen Dubuque and Miller made the arrests.

A cyclone struck Dothan yesterday morning, passing through the heart of the city. Considerable property damage was done. Pedestrians were knocked down, but no deaths were reported. Plate glass windows were blown in. The Episcopal church and courthouse were damaged. One wall of the Dothan Mercantile Store was torn out and several residences wrecked. The wind lasted two minutes and the path of the storm was a narrow one.

COAL CUT OFF FROM NORWAY.

Britain Thus Punishes Alleged Failure to Keep Agreement.

Christiania, Jan. 4.—Only the British Legation here and the Norwegian fishing steamers which supply fish to England, are exempted from the British Government's prohibition against the export of coal to Norway. Dissatisfaction with Norway's method of exporting ore and fish from this country and her failure to fulfill certain other provisions of the agreement with Great Britain are said to be responsible for the British Government's action.

It is feared that the British action may bring about a coal famine, and the Norwegian Cabinet is considering the next step in what is regarded as a serious situation.

Several of the leading papers criticize the radical Cabinet's methods and advocate that it be succeeded by a nonpartisan body of the most prominent men regardless of political affiliations.

der, who is hovering between life and death, and James K. Lee, of Birmingham, who recovered consciousness about noon today.

Walton was under indictment charged with killing his business partner, M. O. Barton, in April,

1915. The explosive was set off while the train was running about 18 miles an hour through Woodlawn, a Birmingham suburb.

Atlanta, Ga. Jan. 8.—Louis Walton, who, according to Birmingham

police, committed suicide Saturday night by use of a high explosive in a Southern Railway train near Birmingham, took out a \$10,000 accident policy here January 4, according to a statement made last night by E. F. Deacon, general agent here of the Pacific Mutual Life Insurance Company. Mr. Deacon said Walton told him he was preparing to move

to Atlanta to engage in the automobile accessories business. Such a policy, Mr. Deacon added, provides double indemnity in case of accident on a railroad or other common carrier, but does not allow payment in case of suicide.

Mr. Deacon said Walton named his wife as the beneficiary of the policy.

U. S. AND GERMANY

Relations Between the Two Nations

Said to be Cordial.

Berlin, Jan. 8.—"Never since the beginning of the war have the relations between Germany and the United States been as cordial as now."

Amid tremendous cheers James W. Gerard, United States Ambassador to Germany, made this statement at a banquet given in his honor Saturday by the American Association of Commerce and Trade of Berlin. Two hundred leaders of Germany's political and commercial life listened to the speech.

Responding to the American Ambassador, Dr. Alfred Zimmermann, secretary of state of foreign affairs, said:

"I have always collaborated with the ambassador in any excellent fashion and with mutual confidence, so that I feel sure that the friendly and trustful relations between both countries will continue in the manner described by Mr. Gerard."

President Wilson and the Kaiser were toasted at the banquet and a message of good will was sent to each.

The banquet was probably the most notable gathering bearing on the relations of Germany and the United States held since the beginning of the war.

CAUSE OF 'HOMELESS' MEN

Editorial in Law Register Says Boarding-House Clause May Be Unconstitutional.

Championing the cause of the "homeless" bachelor, T. B. Benson, in an editorial in the January issue of the Virginia Law Register, declares that, if the Legislature really meant arbitrarily to deny to unmarried men rights which it conferred upon those of the sex who have life partners, that section of the prohibition law is unconstitutional. Mr. Benson is also of the opinion that the Legislature has no authority to say that a boarding-house is not a "home."

"A statute," says Mr. Benson, "is to be construed to avoid unconstitutionality. If the act were construed to classify married and single men, as such, it would undoubtedly be unconstitutional. While the Legislature may classify married persons, and such classification may not be objectionable on the ground that others may not enter the class, all

class legislation must be founded upon reason and necessity, and must not be merely arbitrary. There is no reason for permitting the use of argument by married persons and forbidding their use by unmarried persons."

"Such classification is purely arbitrary, and a construction in favor of it would render the provision of the act unconstitutional. This section of the act may then be in part unconstitutional because of an arbitrary classification of persons. There is a reason to declare that clubs, fraternity houses and places of common

resort shall not be a "home," but there is probably nothing for so declaring a room in a boarding-house. To such extent the provision is probably unconstitutional."

GREECE BACKS AT DEMANDS.

Currents of Public Opinion Make Compliance Difficult, Says Report.

London, Jan. 4.—Reuter's Athens correspondent cables the following semi-official note referring to the recent demands of the Entente Allies on the Greek Government for reparation for the losses suffered as a re-

sult of the recent clash between Greeks and Entente troops at Athens.

"The Government is considering the latest note presented by the allied powers. Despite its desire to give another proof of its sincerity toward the Entente, certain currents of public opinion make its task difficult. The Government appears to wish to proceed rapidly with its decision regarding the note and to endeavor to continue the safeguarding with maintenance of the traditional of the vital interests of the country."

friendship between Greece and the Entente, and hopes the latter will assist its efforts."

CHARGED WITH MURDER

Survivors Say Germans Shelled Them While in Open Boat.

London, Jan. 8.—Deliberate murder of survivors of the steamship Westminister, which was torpedoed and sunk without warning by a German submarine in the Mediterranean Sea on December 14, is charged by officials of the British admiralty. Four men were killed by the two torpedoes which were fired, the Westminister sinking in four minutes. The vessel was 180 miles from the nearest land when she was attacked.

As the members of the crew tried to escape in the ship's small boats they were shelled by the submarine, resulting in the most savage murder yet charged against the German submarine campaign. It was a deliberately planned massacre of part of the crew, according to British officials.

"This ruthless disregard for the rules of international law," said an admiralty official, "was followed by a deliberate attempt to murder the survivors. The officers and crew, while making their escape in boats, were shelled by the submarine at a range of 3,000 yards. The master and the chief engineer were killed outright. Their boat was sunk. The second and third engineers were not picked up. It is presumed they were drowned."
